

INVITATION TO APPLY

Huawei 'Seeds for the Future' program 2021

Are you an undergraduate-level ICT student looking for an interactive online experience? Are you interested in the ICT sector because you see it as an industry that will shape the future? Are you fascinated by the rise of Asia and ever wondered how things look like for companies in China that are operating in a dynamic global business environment? Are you seeking insights on the ICT industry in Nepal?

If the answer to these questions is “yes”, we want to hear from you.

Huawei – Who are we?

Founded in 1987, Huawei is a leading global provider of information and communications technology (ICT) infrastructure and smart devices. We are committed to bringing digital to every person, home and organization for a fully connected, intelligent world. We have approximately 197,000 employees and we operate in over 170 countries and regions, serving more than three billion people around the world.

We are one of the world's most innovative companies and a leading telecoms solutions provider with comprehensive strengths delivering fixed-line, wireless & IP technologies.

We serve four main types of customers globally:

- Telecom operators that provide Internet, broadband, wireless, plus fixed and mobile phone services
- Enterprises, organizations, institutions, governments & public utilities, as well as industries (finance, energy, transportation & manufacturing)
- Consumers, who buy our smartphones, smart watches, laptop computers and other devices
- Enterprises, industries, governments and individuals seeking our fast-growing cloud service

Everything we develop and deliver to our customers is secure, trustworthy, and this has been consistent over a track record of 30 years.

What are we offering?

We are offering 20 undergraduate students – from any ICT-related academic background, the opportunity to join an online experience around technology, innovation and cross-cultural exchange from **Nov 29 – Dec 6**.

During the 8-day program, the participants will:

- receive entry level and advanced courses on key technologies, including 5G, cloud computing and AI
- experience the traditional and modern China through virtual tours of Chinese scenic spots or fast growing companies
- hear from Huawei experts, external entrepreneurs, professors or scientists who will share perspectives on a wide range of topics from

- cybersecurity to aerospace industry
- immerse in an interactive and dynamic classroom where group discussion, debate, round table dialogues will be arranged to ensure cross-cultural exchanges with fellows from other countries
- participate in “Tech4Good” group project to increase social entrepreneurship ability, build problem solving and leadership skills through team work, and deepen a sense of social responsibility
- get a glimpse at Huawei’s history and technological developments including virtual tours of Huawei exhibition halls, campus and stores

You will officially join the alumni community where exclusive webinars, round table dialogue, celebration event etc. will be held all year round to strengthen the sense of belonging.

After the online course, you will also get first-hand insight of the ICT industry in Nepal via

- a visit to Huawei Nepal office
- classes from industry experts
- an overnight trip to a Huawei-built base station at a scenic location.

**These will take place sometime in December 2021.*

Who are we looking for?

To be considered for Huawei’s ‘Seeds for the Future’ program in 2021, applicants will need to match the following criteria:

- College undergraduates from any ICT-related discipline with excellent academic records (at least 3.0 GPA)
- Have good English language ability
- Have a strong interest in telecoms and technology issues and a great enthusiasm for learning

**Please note that this is a non-salaried program.*

How to apply?

Please visit www.seedsnepal.com and prepare the following application materials:

- Latest transcript or recommendation letter from your institution
- A 600-word (max) motivation letter that reflects your objective to participate, your interest in ICT and China, and enthusiasm for learning

The Seeds for the Future selection committee composed of distinguished ICT professors will select the 20 finalists.

For more information, call 9801251992.

Application Deadline: Nov 7, 2021
